Tablet Based Exam Solution (TBX)

DEXIT GLOBAL's Tablet-Based Examination Solution (TBX) is a **fully secure, mobile-first digital assessment platform** designed to deliver examinations in **any environment—urban, remote, or infrastructure-deficient locations**.

Built with a **zero-dependency architecture**, TBX eliminates the need for traditional test centers, enabling organizations to conduct exams **anytime, anywhere** while maintaining the **highest standards of security, integrity, and reliability**.

Core Value Proposition

1. No dependency on computer labs or fixed test centers
2. Fully secure, encrypted, and controlled exam environment
3. Rapid deployment across geographies
4. Ideal for large-scale government and enterprise assessments
5. Seamless candidate experience with simplified logistics.

Why DEXIT TBX?

Unlike traditional CBT models, TBX offers:

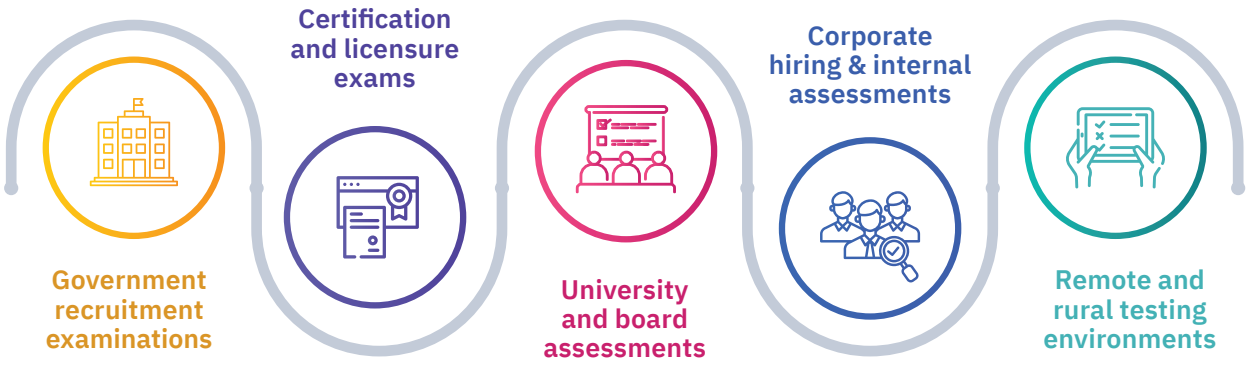

- True mobility without dependency on fixed test centers
- Faster deployment cycles
- Lower operational costs
- Higher accessibility & inclusivity
- Proven execution in real-world, large-scale deployments

Future-Ready Innovation

DEXIT continues to enhance TBX with **AI-driven proctoring and anomaly detection**, ensuring the platform evolves with emerging security and scalability needs.
